

Construction Skills Certificate - CSCS Cards

What is a CSCS card?

CSCS cards provide proof that individuals working on construction sites have the required training and qualifications in terms of **health and safety requirements**.

There are a range of CSCS cards to reflect the varied occupations in construction.

To apply for a card you need to demonstrate you have achieved the recognised qualifications required for your occupation and pass the relevant **Health Safety and Environment test**.

Do I need one?

All people working on site at NW Bicester MUST hold the appropriate CSCS card for the work they undertake. You will not be able to work on site without a CSCS card.
